

TODD HAINES

Certified Forester (732)
Consulting Forester on project

PROFILE

I have been working in Forestry since 1990 in Timber Management, and Fire Management. My experience includes both Federal and State agencies performing work certifying private lands in the American Forest Foundation's Tree Farm Program.

As an active member of the Society of American Foresters (SAF), I have served in several officer positions for the Southwest Section (AZ & NM) including Chapter and Section Chair. I have been a SAF Certified Forester since 1995 and continue to maintain that status. (C -732)

EDUCATION

Northern Arizona University 1991

BS in Forestry Extended Major highlighting the interrelationships of all resources in a forest system.

School for Field Studies 1987

30-day field course specializing in data collection and project development.

WORK EXPERIENCE

Todd Haines Certified Forester and Camp Books. April 2022 – Present

This is currently my consulting company. I have worked on several contracts with Conservation Organizations, Soil and Water districts, the NM Tree Farm Program, private entities and other clients. Projects include Timber Sale Administration, field assessments and project management, Tree Farm inspections and Forest Management planning.

New Mexico Forestry Division District Forester | August 2005 – April 2022

I served as the District Forester for the 8-county Bernalillo district, one of the 6 Districts in the state. Responsibilities included Forestry, Fire and outreach practices for the district, and overseeing the staff in these areas.

New Mexico Forestry Division State Timber Management Officer | August 2003 – August 2005

I served as the State Timber Management Officer for the Forestry Division. This position oversees the Forestry programmatic activities for the state including Timber Sales, Forest health and thinning projects and the seedling program.

New Mexico Forestry Division – District Timber Management Officer | March 1998 – August 2003

I served as the district Timber Management officer for the 8-county Bernalillo District. This position is the primary contact for the Forestry and Timber practices in the district. These include private land Timber sales, forestry activities including thinning and Forest Health work, Seedlings and planting projects and the forest Wildland and Urban interface work.

US Forest Service Fuels and Timber Technician (2 positions included) Seasonal & Term from 1990 – 1998 (42 months total)

These positions were primary field positions involved with Timber Sale Preparation and, as with all positions, firefighting.
